## Profile

### Founding Principal at Envision Lighting Design, Lake St. Louis, MO

As the Principal Lighting Designer, I will personally work on all projects. By clearly communicating the technical information and closely participating at each phase of the project, I will reduce redundant work, increase efficiency, and be an effective member of the project team. My multi-disciplinary background is beneficial for bridging disciplines.

## Previous Experience

### Lighting Design and Technical Support, St. Louis Lighting Group 2006 - 2011:

I was involved with and assisted in the specification of projects while honing presentation skills and improving my industry savvy for five years as a lighting manufacturer's representative.

### Lighting Design and Education, 1998 - 2006:

My six years total as a Senior Lighting Designer and Project Manager for Lighting Design Alliance in Long Beach, CA and for HOK in St. Louis, MO brought a wealth of experience. During this time I also served for three semesters as an instructor at Long Beach City College with guest lectures at USC, UCLA, CSULB, and Maryville University.

### Energy Management and Electrical Engineering, 1992 - 1998:

I worked in engineering for seven years total, first as an intern engineer for the Energy Analysis and Diagnostic Center at KU, then for Peninsula Engineering, Inc in Orlando, FL, and finally for Professional Engineering Consultants, Inc. in Wichita, KS.

## Education

The University of Kansas - BS Architectural Engineering 1993

## Notable Achievements

**Honors:** Besal Scholar; Tau Beta Pi; Sigma Alpha Epsilon.

**Lumen West Awards of Merit:** Norton Simon Screening Room; TRW Systems Federal Credit Union; Boeing Building 043 Product Display & Training Facility.

**Professional Engineer:** State of Kansas (retired).

## Memberships and Activities

**IES:** Illumination Awards Chair, St. Louis 2008 - present; Education Chair, St. Louis 2006 - 2008; Education Chair, Los Angeles 2002 - 2004; Conference Steering Committee, 2011, 2012; Leadership Forum Committee, 2011 - present; Student/EP Initiative 2011 - present.

**Morning Star Church:** Homeless Ministry Leader; Tech Team Volunteer - Lights.
